

AMINA NOOR

Software Engineering Student | Frontend & AI Enthusiast

📍 Pakistan ✉ nooramina685@gmail.com 💻 github.com/Amina-Noor 🔗 linkedin.com/in/amina-noor-bab75b297/

PROFILE

Motivated Software Engineering student with hands-on experience in full-stack web development, machine learning, and AI-driven interfaces. Proficient in React, JavaScript, HTML, and CSS. Gained professional exposure through internships at FlyRank AI and CodeAlpha and recognized as General Secretary of the IEEE Chapter (STEM Society). Passionate about crafting inclusive, user-friendly digital solutions.

TECHNICAL SKILLS

Languages	JavaScript, Java, Python
Web Development	HTML5, CSS3, React JS, Responsive Design
Tools & Platforms	Git, GitHub, VS Code, DOM Manipulation, Streamlit
Database	MySQL (Fundamentals)
AI / ML	Python (scikit-learn), Data Preprocessing, Predictive Modeling, Generative AI
Game Development	2D Game Design, JavaScript Canvas / Game Logic, C# Windows Forms
Cyber Security	Phishing Awareness, Social Engineering, Data Privacy (Trained)

EXPERIENCE

Front-End AI Engineering Intern | [FlyRank AI](#)

July 2025 – Present

- Accepted into a competitive internship program focused on front-end development and AI technologies.
- Gaining hands-on experience in building impactful AI-integrated projects in a professional environment.

Frontend Development Intern | [CodeAlpha](#)

2024

- Developed responsive web interfaces using HTML, CSS, and JavaScript for real-world client projects.
- Built a Responsive Web Calculator, Interactive Music Player, and Photo Gallery demonstrating DOM manipulation.
- Collaborated in a team to deliver clean, maintainable code; strengthened component-based UI design skills.

Cyber Safety Awareness Trainee | [Parry Security](#)

2026

- Completed Cyber Safety Awareness Training — phishing, social engineering, 2FA, and data privacy best practices.

General Secretary | [IEEE Chapter \(STEM Society\)](#) | [FJWU](#)

Feb 2026 – Present

- Leading IEEE chapter operations, coordinating technical events, workshops, and seminars.
- Managing communications, documentation, and strategic planning; bridging students with industry professionals.

Community Work | [Radio Pakistan](#)

- Created a dynamic, data-driven website with interactive features and real-time content management.

PROJECTS

AETHER - Luxury Weather App Design | [HCI Lab](#) | [Adobe Illustrator](#)

- Designed a premium weather app with AI features: daily insights, outfit advisory, and hydration reminders.
- Applied dark backgrounds and gold accents to create a calm, information-dense visual hierarchy.

AURELIA - Lifestyle E-Commerce Website | [HCI Lab](#) | [Adobe Illustrator](#)

- Designed a minimal, warm-toned e-commerce platform with editorial hero sections and curated typography.

2D Fruit Ninja Game | [C#](#) | [Windows Forms \(.NET\)](#)

- Built arcade slicing game with fruit physics, bomb hazards, combo scoring, and difficulty scaling.

Autism Connect | [React JS](#) | [Web Engineering](#)

- Full featured React website for autism support with accessible UI and reusable component architecture.

Ararat Architecture | *React JS*

- Modern responsive architecture firm website with clean UI optimized for all screen sizes.

Air Quality Prediction | *AI / ML / Python*

- ML model to predict air quality using data preprocessing, feature engineering, and model evaluation.

Student Mental Health & Coping Mechanism System | *Visual Studio + SQL Server*

- System with user-friendly interfaces to track mental health metrics and manage student coping data securely.

University Campus Network | *Cisco Packet Tracer*

- Simulated campus network with VLANs, inter-VLAN routing, DNS, FTP, Web, and Email servers.

AI Hash Crack Defense System | *Information Security + AI*

- Built and deployed a live Streamlit web app demonstrating AI-powered defense against hash-cracking attacks, with real-time visualization.
Live App: ai-hash-crack-defense (Streamlit)

E D U C A T I O N

Bachelor of Software Engineering | *Fatima Jinnah Women University, Pakistan*

2023 – Present

Intermediate in Computer Science (ICS) | *Fauji Foundation College for Girls*

Grade: A1

Matriculation – Computer Science | *Army Public School & College System (FWO)*

Grade: A1

C E R T I F I C A T I O N S

- Generative AI for Video Creation Masterclass – DataCrumbs
- Making Web Apps with Streamlit Masterclass – DataCrumbs
- Basics in Machine Learning – UniAthena (in partnership with Cambridge International Qualifications)
- Cyber Safety Awareness Training – Parry Security

S O F T S K I L L S

Problem Solving ♦ Team Collaboration ♦ Communication ♦ Time Management ♦ Leadership ♦ Event Coordination ♦ UI/UX Thinking
